CALGARY, ALBERTA, WEDNESDAY, JUNE 13, 1888.

Two Dollars a Year.

THE GOVERNOR-GENERAL

LORD STANLEY AND SUITE ARRIVE AT OTTAWA.

A Young Woman and two boys are Drowned While Bathing in the Ottawa River.

OTTAWA, June 11.—Quietly and unobtrusively in keeping with the day Lord and Lady Stanley, of Preston, and suite, arrived here yesterday morning. All along it had been anticipated that the distinguished arrivals would not reach Ottawa until Monday evening or Tuesday morning, but the Sarmation upset all calculations by making her fastest trip on record. Only a few servants of the Vice-Regal household and a few railway men were present when the train came in. The Vice-Regal household party consisted of His Excellency Lord Stanley, Capt. Jocelyn Bagot, military secretary pro. tem., Mrs. Bagot, Hon. Edward Stanley, eldest son of His Excellency, Mr. McMahon, aide de camp, Victor Stanley, second son and sub-lieut. of Her Majesty's Navy, two younger sons A. and W. Stanley and a daughter Miss Isabel Stanley aged twelve and Miss Lister a cousin of Lady Stanley. The party drove direct to Government House. His Excellency will be sworn in as Governor in the Senate Chamber this afternoon, after which the civic address will be presented. On Friday His Excellency and suite leave for Montreal where another civic address will be forthcoming. The same evening the Vice-Regal party will set out for Quebec, where they will reside in the citadel for two or three weeks, afterwards going salmon fishing.

Last weeks awful chapter of accidents closed with about the saddest of all yesterday, when Miss Jessie Keefer, daughter of Thos. Keefer, the famous civil engineer and her two nephews, Harry and Thomas Foulding, bright boys of ten and eight years respectively were drowned in the Ottawa river. The boys were bathing in the river at a point where it flows by the grounds of the old Keefer homestead at Rockcliffe. Miss Keefer was on the bank watching them when a back swell of the river, caused it is supposed by the steamer Empress which had just passed, lifted them off their feet and carried them into deep water, where they were drowned. Miss Keefer at once rushed to assist them and in endeavoring to save her nephews lost her life.

Col. King Harmon, M. P. Dead.

LONDON, June 11.—Col. King Harmon, M. P. for Isle of Thanet, Kent, died to-day aged 47 from diabetes.

Baring Bros. and Glynn, Mills & Co., will, on Monday, invite tenders for four millions sterling, Canada three per cent. stock, minimum price 92½ to be repaid in 1893.

Lord Lansdowne was present in the House of Lords Saturday night and took his seat on the cross benches. He was warmly greeted by peers on both sides.

In the Hudson Bay Co.'s directors say that there is a general decline in the prices of furs almost unequalled in the history of the trade. The net profits of the year just ended are £11,000.

Scarth for the Senate.

MONTREAL, June 11.—A gentleman here who takes considerable interest in Northwest matters, says he has information from Ottawa that W. B. Scarth, M. P., will be called to the Senate on the appointment of Schultz to the Lieut.-Governorship.

Davis Denies that he Said It.

WINNIPEG, June 11.—N. F. Davis, M. P., arrived here this morning. He denies that he ever said that Sir John would have lost his head if he appointed Mr. Dewdney Minister of the Interior.

Cornwall Defeats Brockville.

CORNWALL, June 11.—The second lacrosse match in the championship series was played here on Saturday. Cornwall defeated Brockville 3 to 1.

A Whole Town Destroyed by Fire.

CHERRY, Ont., June 11.—Every build-

ing place in town with two exceptions was burned yesterday morning. The loss is estimated at \$150,000. The insurance is hardly a quarter of this amount. Several persons were badly burned.

Storm on Lake Superior.

ST. PAUL, June 11.—A terrible storm has been raging on the southern shore of Lake Superior. Houses were swept away, culverts and bridges destroyed and miles of fences and side walks swept away. Many lives are lost.

The grasshoppers have made their appearance in Minnesota. There are thousands of millions of the pests hatching. Efforts are being made to exterminate them. Prof. Luger says they are the genuine Rocky Mountain variety. They are the same kind that did so great a damage some years ago.

La Crosse in Toronto.

TORONTO, June 11.—The Toronto's beat the Ontario's 4 games to 1. It was a slugging match on the part of the Ontario's, who laid out two of the Toronto men.

The Toronto Conference have given their decision in the Loughey case. He is to be deposed from the ministry for one year.

Gaddy and Racette.

REGINA, June 11.—Racette, one of the condemned prisoners at the barracks here, who are to hang Wednesday for the murder of the settler McLeish, is keeping up his appearance of bravado, but Gaddy is completely broken down. Gaddy did the shooting and Racette says he fails to conceive that any Canadian law will hang a man for a crime he did not actually commit. Preparations for the execution are quietly going on. It is said the sheriff is finding difficulty in securing a hangman, as Henderson who hung Riel refuses to do it.

MONTREAL'S BIG OWNERS.

Some of the Principal Holders of Real Estate in the Metropolis.

MONTREAL, June 10.—The following will give some idea as to the relative strength of the property owners in this city. The largest is the Canadian Pacific railway and speaks a great deal for the energy of that corporation, which has only been in existence for a few years. Its property assessment, not including recent purchases, now stands at \$1,449,000. It is believed that additional purchases will raise the value to about \$2,000,000.

The Grand Trunk Railway company a pretty good second, with an assessed valuation of \$1,008,000. All others fall short of those amounts, the nearest approach being some of the Roman Catholic religious communities, such as the Providence nuns, with one property in St. Mary's ward valued at \$600,000; the Grey nuns, with values reaching over \$521,000, and the nuns of the Hotel Dieu to a round sum of about \$500,000. The Windsor hotel company stands high up on the list at \$500,000. The highest assessed individual proprietor is said to be Mr. G. W. Stephens, who paid assessment last year on \$384,000, and whose properties at that assessed value would probably sell for \$500,000. Mr. G. B. Burland, with a \$250,300 assessment roll is believed to follow next to Mr. Stephens as an individual owner of property.

The owner of the largest number of houses is Mr. Duncan J. McDonald, of St. Ann's ward. His properties, (all dwellings and stores) are confined to St. Ann's, St. Antoine and St. Lawrence wards. They number 126 and are assessed \$161,000, with an assessed rental of \$12,280 per annum.

Might Have Been Worse.

VICTORIA, June 11.—A fire broke out this afternoon in Redgrave & Ellis' candy factory on Fort street. The building and the stock were considerably damaged by fire and water.

The press is severely criticising Chief Justice Begbie for his attack upon the Rev. Mr. Starr, while the latter was acting in the capacity of a witness.

HAWKINS AND BATES.

FIGHT ELEVEN ROUNDS NEAR BUTTE, MONTANA.

At the end of the Eleventh Round the Fight is Awarded to Bates on a Foul.

HELENA, Mont., June 11.—The fight which has been looked forward to by the sporting fraternity of the Northwest between Jim Bates, of Montana and Billy Hawkins, light weight champion of Canada, took place to-day about fifty miles from Butte. A large number of sports from all over the Northwest were present. The stakes were a purse of \$500 a side and a guaranteed purse of \$300 the fight to be to a finish with hard gloves. Hawkins was in good trim and weighed 144 pounds. Bates was also in excellent shape and weighed 146 pounds. From the start Hawkins had Bates at his mercy, but in the 11th round the Canuck unintentionally fouled the Montana man and the referee awarded the fight to Bates. Great excitement prevailed upon the decision being given and numerous backers of Bates refused to accept their winning. All bets will probably be declared off.

LEAD ORE.

Idaho Miners want Fine Canadian Minerals shut out.

WASHINGTON, May 23.—A complaint has reached the Treasury Department from Northern Idaho with regard to the large importations being made there of lead ore from the British Dominions. Extensive mines of galena have been found on the line of the Canadian Pacific road, and it is being brought across the border into Idaho to be reduced. The complaint says the ore is extraordinary in fineness, running as high as 60 per cent of lead and with some silver deposits. It is coming into competition with the productions of the mines of Idaho, and the complaint is based on that ground. The Treasury Department is uncertain what position to take upon this question. Silver ores are admitted free of duty, and it is claimed that if this galena is found to contain silver enough to make it the component of chief value in these ores the duty could not be charged on it. The recommendation has been made to the department that a government agent should be stationed near the border, to intercept this product and see that it pays the proper rate of duty. The department will probably investigate.

BEGGS' OFFER.

To the Imperial Government on Behalf of the B. C. Government.

LONDON, June 11.—Mr. Alexander Beggs has offered the Imperial Government, on behalf of the Government of British Columbia, to take over 50 crofter families as a test, provided that £120 be advanced to each. It proposes to form a fishing village on Vancouver Island. It is believed that the Colonial Secretary is inclined to regard the proposition favorably.

The proposal of the Imperial Federation League in Canada, which has just been endorsed by the Executive Committee of the League here, is that a conference of Canadian and Australian delegates should meet to discuss their trade relations. If the conference should have a definite and peaceful programme it is expected that the result will be a similar success to that of last year's Colonial Conference.

Fire in Moose Jaw.

MOOSE JAW, June 12.—A fire this afternoon destroyed a house occupied by Mr. Upax and also one belonging to James Porter. The loss is a thousand dollars. There is no insurance.

Will Invite Tenders.

LONDON, June 11.—Messrs. Baring Brothers & Co. and Messrs. Glynn, Mills, Currie & Co. will, on Monday, invite tenders for £4,000,000 of Canada 3 per cent. stock at a minimum price of 92½, to be repaid in 1893. The prospectus states that the loan is issued under an act of the Parlia-

ment at Ottawa, passed in May last, to provide for the requirements of the Government, mainly in connection with reproductive public works. It is added that, with a view of rendering the sinking funds of the various loans more effective than heretofore, the Government intends to apply the sums annually required for the reduction of the national debt in purchases of the stock now offered. The amount at present annually applied to the reduction of the debt is about £350,000, and as the sinking funds are accumulative the amount yearly increases. The parity of the existing 3½ per cent. loan on this basis would be 91. The new loan is already quoted at 2 premium.

Four men Drowned.

ROCKLAND, June 12.—A boat containing five men upset near Vinal Haven and four were drowned.

Van Horne going to the Coast.

MONTREAL, June 12.—Vice-President Van Horne leaves to-morrow for Winnipeg and the Coast.

The Fisheries Treaty up Again.

WASHINGTON, June 12.—The Senate took up the Fisheries Treaty again to-day. Gray, of Delaware, who succeeded Bayard in the Senate, spoke in favor of its ratification.

A Big Seizure.

PORT HURON, June 11.—It has been learned here that opium valued at \$20,000, was seized at Indianapolis yesterday, it is said, B. C., about the 8th of last month. It was conveyed across the river from Mooretown, Ontario, in small boats to a place kept by a man named Saunders. The consignment was taken the same night to Smith's Creek, a small station on the Grand Trunk railway, whence it was shipped to T. Winter, Indianapolis. Both Saunders and Winter have been arrested and enough evidence has been gathered to convict them.

The Peace Makers.

BERLIN, June 11.—It is reported that negotiations are on foot between France and Germany to lessen as much as possible the harassing aspects of the German passport edict.

Favorably Viewed in London.

LONDON, June 12.—The Globe's London cable says the new Dominion loan is favorably viewed in the city. To-day's reports leave no doubt that the issue will be successfully made. Scrip is already quoted at 2½ premium.

In the House of Lords to-day Lord Rudley called the attention of the Government to Burrard Inlet's advantages over Esquimalt for a British naval station on the Pacific Coast. Lord Elphinstone, however, speaking on behalf of the Government, said he thought it unwise to transfer the station to the inlet.

Senator Hardisty in Winnipeg.

WINNIPEG, June 12.—Senator Hardisty and N. F. Davis are in the city. Mr. O'Connor Power who has been travelling through Manitoba and the Northwest, returns to Ireland in a few days. He is sanguine that his scheme for settling the Irish people in the Northwest will be successful. He intends travelling through Ireland speaking of the advantages of the Northwest.

The Reformers claim they will carry from 24 to 27 out of the 38 constituencies. The Conservatives are equally confident of carrying twenty.

Manager Galt and Land Commissioner Macgrath, of the Galt mines, are visiting Benton, Montana, to ascertain the demand of the mining districts of Montana for coal mined at Lethbridge. If the outlook justifies it Mr. Galt intends to construct a railroad from Lethbridge to Fort Benton, to supply Helena, Butte and other cities with coal.

PARIS, 5.—A majority of the morning papers regard General Boulanger's speech yesterday as contradictory and absurd. The Republican papers praise M. Floquet's reply and consider it helpful to the Republic forces. The Journal des Debats says: "Declarations from the tribune cannot stay the course of events."

LORD STANLEY.

THE NEW GOVERNOR-GENERAL SWORN IN.

All the Members of the Cabinet and a Large Assembly Present at the Ceremony.

OTTAWA, June 12.—Mayor Stewart and wife left for England to-day.

Lord Stanley yesterday received a cable from the Prince of Wales congratulating him on his safe arrival.

The new Governor-General has contributed a hundred and fifty dollars to the sufferers by the Hull fire.

Lord Stanley was sworn in by Chief Justice Ritchie, of the Supreme Court, in the Senate Chamber in the presence of a brilliant assembly this afternoon. Sir John and all the members of the Cabinet were present. Replying to the civic address, the Governor-General, who by the way has already made an extremely favorable impression, referred to the characteristic loyalty of Canadians. He paid a compliment to Lord Lansdowne and uttered a plea for Imperial Federation. He leaves to-morrow for Montreal and Quebec where he will be tendered public receptions. He hopes to visit the Northwest and British Columbia before the fall.

Cheap Advice.

LONDON, June 11. The Standard and Morning Post advise the farmers of Ontario to abandon wheat growing and raise cattle. The text for this advice is the reports of the bad crops.

The University of Cambridge to-day conferred honorary degrees upon actor Lewis, Prince Albert Victor, Lords Salisbury, Rosebery and Randolph Churchill, Mr. Goschen, Chancellor of the Exchequer and Mr. Balfour, Chief Secretary of Ireland.

GREYNA, Man., 8.—A serious explosion occurred at the railway depot here to-day. While unloading baggage a sack containing a quantity of cartridges and gunpowder exploded seriously burning three children of Mr. Nelson Burley, who was travelling with his wife and family to Ontario, besides doing considerable damage to railway property.

HALIFAX, 8.—The Conservative convention at Amherst to-day chose A. R. Dickey as the party candidate for the House of Commons, to fill the vacancy caused by Sir Charles Tupper's resignation.

MONTREAL 7.—Dun Wiman & Co.'s weekly report for Canada and the United States says:—"The improvement in crop prospects is decided. While the loss in winter wheat will still be large, a marked increase in acreage of spring wheat is reported with favoring weather of late and improvement in many quarters where the winter's injury was not greatest. The effect upon the markets has been important. Wheat has fallen 4½ cents, corn 3½ cents, and oats a fraction, hogs 25 and lard 30 cents per hundred pounds, and of 6½ cts. Cotton remains steady, and speculation has shifted coffee a quarter. Butter is in large supply, and has fallen six cents. Eggs are lower and and an enormous glut of vegetables has demoralized the market almost beyond precedent. Tea is still dull, with no change at auction, and the grocery trade as a whole lacks the buoyancy usual at this season. A slight improvement in grain freights to 1¼d. for wheat to Liverpool indicates a better export demand since the decline in price."

BELFAST, June 5.—The Presbyterian General Assembly met here to-day. The retiring Moderator declared that the Presbyterian Church is soundly unionist in its views. Mr. Gladstone is, he declared, implicated in crippling the church's resources in transferring education into the hands of the Romanists, and perhaps of the expulsion of Presbyterianism from the greater part of Ireland.

ST. LOUIS, Mo., 7.—After Cleveland's nomination by acclamation yesterday the scene in the convention was a memorable one. The cheering lasted 25 minutes.

ORGANIZED

THE MANITOBA CONSERVATIVES ARE PREPARING

The Winnipeg Convention a Great Success.—The Party will Fight an Energetic Campaign.

WINNIPEG, June 6.—The Provincial Conservative convention summoned at the instance of the central association to consider and adopt a course of action in view of the present political crisis assembled here last night. The gathering was large, numbering over a hundred and twenty, and representing conservatives throughout the length and breadth of the province. Messrs. Norquay, Howell, Hagel and others made telling speeches, all urging vigorous action. A resolution was passed thanking the conservative party and its representatives at Ottawa for their efforts to free the Northwest from monopoly.

Callaway has retired from the field in North Winnipeg.

At the convention to-day, H.M. Howell, Barrister, of Winnipeg, was elected president. A report was presented criticising the proceedings of the late legislature.

The leader of the party will not be chosen till after the elections. The choice lies between Howell, Norquay and Kirkcopper.

OTTAWA, June 6.—The question of holding a Canadian-Australian Conference to discuss closer commercial relations is forming the subject of correspondence just now through the medium of the British Government.

Emperor vs. Chancellor.

BERLIN, June 5.—After signing the bill for the prolongation of the term of the Prussian Landtag the Emperor yesterday withdrew his consent and Prince Bismarck and his ministry at their sitting to-day resolved to resign unless the bill was signed as it was published.

LONDON, 5.—In the House of Commons to-night, Baron Henry de Worms, the Political Secretary of the Board of Trade replying to a question regarding the present trade between Australia and China said that China had no right by treaty to send goods to the British Colonies nor has the Government engaged to admit Chinese goods. The treaty stipulated simply that China was engaged not to prevent her subjects from importing if they wanted to. Baron de Worms hoped that the conference would come to a decision which, while it would satisfy the colonies, would not wound their susceptibilities.

VICTORIA, June 5.—It is announced that the Canadian Pacific company has added a new steamship to its trans-Pacific fleet. The steamer is the Port Adelaide, a vessel of 2,750 tons and 332 feet in length and is the latest addition to the fleet. She will call at Hong Kong for this port on Friday and will carry a cargo of Chinese. She will go to Vancouver before returning to the Orient.

REGINA, June 6.—The writs were mailed last night for the Northwest assembly elections. For all the places along the line of the railway the date of nomination is the twentieth, and of election the twenty-seventh. In the five districts of Battle, Prince Albert, Edmonton, Kinnistiny and Battleford the nominations are fixed for the twenty-third, and the elections for the thirtieth.

COCHRANE, 5.—Dr. Hayden is attending the man injured in Monday's accident on the Calgary Lumber Company's tramway. Accounts of the accident show that Lady Anna Cochrane, who was on the tramcar, showed great pluck, and was one of the first to render assistance to the injured man, bandaging and dressing his wounds with the ability and celerity of a trained nurse. Another accident occurred yesterday, the locomotive having a cylinder head blown off, but no one was injured.

ST. LOUIS, 6.—Cleveland was nominated as democratic candidate for the presidency at to-day's convention. There was no opposition. Great enthusiasm prevailed when the nomination was announced.

It is of no small importance to the people of Calgary that a permanent road be secured to the cemetery. There is good authority for saying that this is probably the last year that the department of the Interior will do any trail surveying in this vicinity, and unless the road be established this year, the C. P. R. may at any time well, close up, build workshops on or otherwise dispose of section 17, which would cut off connection between the town and the cemetery. If the matter is taken up by the council now while the surveys are being made, and the commissioner James A. McMillan, or superintendent of surveys, Mr. Dennison, communicated with at once, much trouble and expense in the future may be avoided.

The C. P. R. have followed the example of the St. P. M. & M. and have reduced their eastern passenger rates. First-class passenger rates from Winnipeg to all points east have been reduced \$3.64, making the fare \$39.90, instead of \$43.54 as heretofore. Second-class rates have been reduced \$1.75, making the fare \$44.40 instead of \$46.15. These rates only apply to the all-rail route, and took effect June 1st. A new special east-bound tariff on grain, flour, oatmeal, millstuffs, flax seed and potatoes in sacks or barrels from Port Arthur has gone into effect on the C. P. R. To Owen Sound and all points on the main line the tariff is 15c per hundred pounds; to points on the Central Ontario railway it ranges from 17½ to 23c; to points on Kingston and Pembroke railway 18 to 20c; to points on the Brockville, Teeswater, Elora, Orangeville, London and Prescott branches 15c; to points on the Canada Atlantic railway, 15 to 23c; to points on the Ottawa Valley section 15c; to 21c; to points on Credit Valley section 15c; to points on Quebec section 19 to 22c; to points on Atlantic division 18 to 24c; to points on the Passumpsic division, Boston and Maine railway, 22 to 27c.

Vice-President Van Horne will leave Montreal soon, and be joined at Winnipeg by General Superintendent White, when they will proceed to Banff and formally open the company's mammoth hotel at the springs. The formal opening will occur about the 18th inst.

MONTREAL, 6.—Ex-constable Bureau was found guilty this evening of complicity in the safe robbery at the Grand Trunk depot, and sentenced to seven years in the penitentiary. This disposes of the whole gang. Fahey, the private detective, getting fourteen years, Nagle, of the city detective force ten, and Bureau, of the G. T. R. police seven.

CITY OF MEXICO, 6.—A railway accident occurred yesterday just outside of Tampico, in which eighteen persons were killed and 41 injured. The train crashed through a bridge and went down an embankment.

LONDON, 6.—A new company entitled "The Canadian Pacific Land & Mortgage Company," has just been registered with a capital of £250,000 sterling. The prospectus has not yet been issued. A number of influential parties are interested in the project.

Flax Growing at Regina.

REGINA, 6.—It is said 400 acres of flax will be grown on Sir J. L. Kaye's farm at Balgonie, near Regina, this season. The flax will be sent to Belfast, Ireland, for manufacture. This may be the commencement of a flourishing industry in the West. The adaptability of this country to flax culture is well known.

New School at Midnapore.

MIDNAPORE, 6.—The Midnapore school house was handed over to the trustees by the contractor, Andrew Young, last Friday. It is a neat building 25 feet by 19 feet, with a porch and belfry and is quite an ornament to the district.

More Canadian Knights.

LONDON, 5.—Her Majesty has conferred Knighthood upon Chief Justice Galt, of Ontario, and President Wilson, of the Toronto University.

BANFF, 7.—McGarigle, the Chicago boodler is at the hot springs. He is spending money freely and seems to have plenty left.

SUPERIOR, Wis., 7.—The walls of the Lake and River Improvement Company's new hotel fell to-day burying five men in the ruins and injuring many more.

HALIFAX, 6.—Consul-Phelan has been notified that the American fishing schooner Ambrose H. Knight, of Booth Bay, Me., Capt. Higgins, has been seized at St. John's, Nfld., and the crew arrested for selling bait at St. Pierre, Miquelon. The captain gave bonds and he and the crew were released pending trial.

LONDON, 5.—The Government has proclaimed Belfast under the Crimes Act.

The Lord Mayors of London and Dublin opened the Irish Exhibition at Kensington to-day; the Mayors of Cork and Waterford and the Sheriffs of London and Dublin were present.

VICTORIA, B. C., 7.—The Collector of Customs has announced that Behring Sea is now open for sealers and that our vessels will not be molested outside the three mile limit. All vessels will now fit out and proceed and a good season's work is hoped for. Those interested in sealing are jubilant over the good news as many of the schooners were returning. Indian crews are refusing to go into Behring's Sea for fear of capture.

WINNIPEG, 7.—The Liberals of Morris have nominated their old member, A. F. Martin, for the Local House. Cypress conservatives have nominated Mr. E. Wood.

DEVOURING FLAMES.

ONCE MORE DEVASTATE HULL, QUEBEC.

One Hundred Buildings Destroyed And a Thousand Families Left Homeless.

HULL, Que., June 6.—A most disastrous fire broke out to-day in the town hall from the burning stump of a cigar, which had been thrown away by some one attending a sitting of the police court there. With lightning rapidity it spread through the building, which burned like match wood. In a short time the magnificent Catholic church valued at \$150,000 was totally destroyed. Onward in its maddening race, the fire marched, clearing all before it until it reached the convent, one of the best institutions in the locality, which it speedily destroyed. Many pupils lost their all. The sparks from the burning city set fire to buildings almost two miles down the river, and two shipyards were partially destroyed. One barge was burned to the water's edge. Nearly four hundred houses were destroyed and about one thousand families rendered homeless. During the progress of the fire the fire brigade of Hull was entirely helpless. There were no serious accidents, strange to say. Whole families are destitute and are all huddled together along the river bank and adjacent wards shivering. The Government and leading cities will be asked for aid. Hull, which is the centre of the Ottawa lumber trade is situated just across the Ottawa river from Ottawa. Most of its buildings are of wood. Hence the rapid spread of the flames. The city has several times been almost destroyed by the fiery element.

The Police at Kootenay.

OTTAWA, 6.—It is understood to have been definitely decided to withdraw the detachment of Mounted Police from Kootenay.

LONDON, June 5.—Lord Lansdowne on being interviewed, said he was deeply moved by the warmth of feeling accorded to himself and Lady Lansdowne in Ottawa and Toronto. About Canadian prospects he said he was very glad to state that the extraordinary harvest in the North West, coupled with the exceptionally large number of emigrants, had given rise to very sanguine expectations of the progress of the Dominion during the present and the coming season. He declined to attempt to compare his actual experience of Canada with the possible experience of India. The conditions of official life in these great portions of the Empire were far too delicate for one in his position to discuss.

When the Parian was off Lough Foyle she met the steamer Sarmatian with Lord Stanley on board. The viceroys saluted one another with signals and good wishes were exchanged between them.

SAN FRANCISCO, 7.—The British bark "Balaklava" arrived yesterday from London after a remarkably long voyage of one year and seventy-four days. Her misfortunes were many. There is not a sailor aboard who shipped on her from England. Ten sailors were washed over board and drowned in a storm off Cape Horn. While at Valparaiso for repairs the remainder of the crew deserted.

BURK'S FALLS, 5.—For some weeks past the people here have been somewhat excited by the reported gold finds. In the township of McKenzie, 4 miles from the village of Duckrich, a very rich vein has been discovered. The vein has been traced for two miles 12 inches in width at the surface, increasing in width as the blasting was proceeded with. Experienced miners have been engaged for some days in sinking a shaft.

WINNIPEG, 7.—A disastrous fire broke out in Stewart's blacksmith shop, Pilot Mound, this morning. Six buildings were destroyed in less than thirty minutes, namely:—Stewart's blacksmith and carriage shop, Watson's harness shop, Doyle's jewellery store, Dr. McIntyre's house, Morden's dwelling and Struther & Co.'s general store. The fire is supposed to have originated from some of the forges. Insurance light.

PARIS, June 5.—General Boulanger gave notice in the Chamber of Deputies to-day that he would submit a proposal for the revision of the constitution, and would demand urgency on it. He said that many elections in his favor compelled him to call attention to the crisis which threatened the country with a serious calamity. He said that France no longer had that confidence in the future which is necessary to every well-governed country. This statement met with loud dissent.

BUCHAREST, June 5.—A report is in circulation that it is intended to crown the Czar Emperor of Central Asia at Samarcand, in order to offset the influence of Queen Victoria's title as Empress of India.

Y. C. KITELEY & CO.

(Late H. Collins.)

Desires to state to all gentlemen who appreciate CLOSE-FITTING APPAREL, that we have some of the finest fabrics for men's wear to be found in the Northwest Territories, combined with the latest modes and thoroughly skilled workmanship. Note the address: Y. C. Kiteley & Co.

Stephen Avenue West.

THE WAR SCARE.

RE-ORGANIZATION IN ENGLAND.

Re-organization of the War Department and increase of the Navy Urged.

LONDON, 9.—The Daily Telegraph continues to print war scare articles. It advises the Hartington commission to appoint a minister of national defence to decide disputed military and naval questions and to appoint a defence committee, consisting of military and naval and civilian members to examine heads of naval and military departments and to parliament. The Telegraph gives statistics showing need of five more ironclads and 120 first cruisers. These articles have made a genuine sensation in England.

A NIGHT OF AGONY.

A British Columbia Officer Meets with a Painful Accident.

VICTORIA, 8.—About 10 o'clock on Wednesday night provincial officer Miller started out on horseback to attend to some important duty on the Barnside road. He was thrown from his horse and laid on the road 8 hours with his right leg broken and below the knee. During the night he called for help and fired off his pistol but no help arrived until 5 a. m. Thursday when he was found. He lay on the road the whole night suffering terrible agony and he was almost insensible when found. He was taken to the Royal Hospital and the injured limb set and he is now doing well.

Diphtheria at Victoria.

VICTORIA, June 8.—Diphtheria of a malignant character has made its appearance in this city. A young son of Mrs. J. H. Carmichael was taken down on Sunday forenoon, and died at two o'clock on Tuesday morning. Another son is down with the disease but is progressing favorably.

Burned at the Stake.

PANAMA, June 7.—A woman accused of being a witch was recently publicly burned by the people at Potosi, Department of La Libertad, in Peru.

Semi-Panic in London.

LONDON, June 8.—A semi-panic occurred yesterday in diamond mine stock, owing to the refusal of the banks to make advances taking the shares as security. The stock of some mines fell five points.

British Columbia Salmon.

VICTORIA, 8.—The first shipment of salmon from the north arrived Wednesday from the Skeena River. Five canneries there have packed 300 cases each. The run is light.

TO MURDER BALFOUR.

A Plot the Fenian Walsh was Interested in.

LONDON, 8.—Scotland Yard officials state that the real mission of the Fenian Walsh, who recently came over from New York, and whose conspiracy was broken up in Paris, was the assassination of Mr. Balfour, the Secretary of Ireland, in St. James Park, near which the Irish office is situated. The story of the plot was first sent to Scotland Yard by the Pinkerton people.

THE PAUPERS OF PARIS.

Coming in for Trouble—Boulangier to Visit London.

PARIS, 7.—A vast amount of opposition to the admission of foreign paupers has arisen in Paris and promises to result in some legislation on the matter. Recent returns show 28 per cent of the paupers of Paris are Germans. This statement alone is sufficient to start a popular movement against the admission of any more impoverished Germans.

General Boulanger is about to favor London with his presence.

FROM THE OLD LAND.

British Columbia's Bishop—The Country Government Bill.

LONDON, 9.—The Bishop of British Columbia at the request of the Archbishop of Canterbury has consented to reconsider his resignation.

The Government has withdrawn the licensing clauses of the country government bill.

Ottawa and the new Governor.

OTTAWA, 9.—An elaborate address will be presented to Lord Stanley on his arrival by the citizens of Ottawa.

C. F. R. LAND BONDS.

At Four Per Cent Premium—The Trustees.

LONDON, 8.—The letters of allotment and regret respecting the new Canadian Pacific Railway Land Grant Bonds were delivered to-day. The trustees appointed under the mortgage are the Hon. G. E. Foster, the Hon. J. J. C. Abbott and Richard B. Angus. The bonds are now at 4 premium.

The Canadian Gazette believes that when the investing public realizes how secure the principal is, it will consider the loans to be worth within 6 or 6 percent of the great Canadian Government loans. The present premium puts the price at nearly this but the bonds are chiefly in the hands of market speculators.

LUMBER FIRM IN TROUBLE.

Messrs. Little & Company Financially Embarrassed.

MONTREAL, 6.—W. Little, doing an extensive lumber business in Montreal and Three Rivers, is in financial difficulty. A demand for an assignment has been taken out against him by Hurteau & Frere of this city. The liabilities are heavy and said to amount to between \$75,000 and \$100,000. The assets are not yet known. Mr. Little was formerly in business in Caledonia and also at one time in New York.

TROUBLE AT ZANZIBAR.

The Italian Consul Meets Down His Flag.

LONDON, 8.—Advice from Zanzibar state that the Italian consul at that place has hauled down the Italian flag and suspended relations with the Sultan. An Italian man-of-war is expected shortly. Further news from Zanzibar state that the Sultan of that place has not only refused to ratify a convention agreed upon by his father, which ceded certain territory, but he has sent a discourteous reply to King Humbert's letter respecting the matter. The affair has been referred to England and Germany for arbitration.

Government thermometer reading at noon to-day 68. Maximum for twenty four hours 69, minimum 40. Barometer 28.599.

Spying out the Land.

WINNIPEG, 9.—Two hundred Ontario farmers arrived here this morning for the purpose of spying out the land. They are all well supplied with money. Three hundred more are on the way up.

No Executions in Italy.

ROME, 9.—The Chamber of Deputies to-day agreed to abolish capital punishment.

England and the Suez Canal.

PARIS, 9.—It is semi-officially stated that England has signed the Suez Canal convention as modified by the Porte.

Sir Charles at Court.

LONDON, 9.—Sir Charles Tupper was present at the levee held by the Prince of Wales on behalf of the Queen to-day.

REFUSED KNIGHTHOOD.

The President of Toronto University Declines to be Honored by Her Majesty.

TORONTO, 9.—Dr. David Wilson, president of Toronto University, has declined the honor of knighthood recently conferred upon him by the Imperial Government. He says he prefers not to give his reasons but thinks the title of President of Toronto University the greater of the two and prefers it.

POLITICAL POINTERS.

Program of the Elections—Notes on the Canvass.

The elections appear to be in full swing throughout the Territories and the sturdy voice of the stump orator and the less aggressive one of the bland canvasser are heard in the land. Candidates are out in all the constituencies. In Mooseomin Messrs. J. H. Neff and H. Stevenson are running, the former in the farming interest, the latter as a town man.

Messrs. Thomas Tweed and W. T. Finlay are the candidates in Medicine Hat. The returning officers throughout the Territories are as follows: Regina, S., F. K. Gibson; Regina N., J. H. Benson; Qu'Appelle S., G. B. Murphy; Qu'Appelle N., F. Proctor; Whitewood, J. W. Henderson; Wolsley, E. A. Banbury; Wallace, J. Sharp; Mooseomin, J. Hargill; Souris, J. J. Henslip; Moose Jaw, J. N. McDonald; Medicine Hat, J. P. Mitchell; Macleod, D. J. Campbell; Calgary, J. A. McMillan; Red Deer, J. McKay; Edmonton, W. S. Robertson; Battleford, W. J. Scott; Prince Albert, Lieut.-Col. Sprout; Kinistino, T. N. Campbell; Batoche, R. Ouellette.

Major Bell is a candidate at Indian Head.

Mr. Charles Guelean is in town taking orders for "The International Encyclopedia" 1887 edition. The work is a valuable one and the easy payment plan on which it is sold, places it within the reach of all. The terms are for cloth binding \$4 per volume, 15 volumes for \$60. The library leather \$5 per volume or 15 volumes for \$75. The entire work is delivered on the payment of \$5 the balance at the rate of \$5 per month.

WEDNESDAY, JUNE 13, 1888.

DEWDNEY.

The liberal papers of eastern Canada are engaged in another of their unreasonable crusades against Mr. Dewdney. The occasion for this fresh outburst of uncalculated criticism has been made out of the reports in circulation as to the intention of Sir John Macdonald to take Mr. Dewdney into his cabinet as Minister of the Interior. Of course the liberal journalist can never see any good in anything Sir John does. When he goes to a religious service even, the grit writer has the indecency to ascribe his action to sinister motives. It is when Sir John however, ventures to express any confidence in our present painstaking and efficient governor, or to do anything for the Northwest, that the eastern grit writer gets really indignant and abusive to his fullest. The Montreal Witness, one of the mildest of Mr. Dewdney's detractors says:

"If Mr. Dewdney is to become a minister, as the government organs seem to believe, he will be a source of weakness for his administration of the Northwest Territories aroused the indignation and antagonism of very different classes of people."

The persistence with which the eastern liberal press continues to repeat the nonsensical yarns about the alleged mismanagement of the Northwest by Mr. Dewdney is hard to explain, even when the fact that that gentleman is a political friend of that great bad man Sir John is taken into account. If there is any part of the population of the Dominion which is capable of expressing an opinion as to Mr. Dewdney's administration of the Northwest, it is certainly the people of the Territories, and they are unanimous, or very nearly so indeed, in expressing their approval of Mr. Dewdney's rule. The Northwest people to a man consider that the time has arrived for this great district to be represented in the cabinet, and of course the portfolio we consider our representative entitled to is that of the Department of the Interior, which has more to do with the Territories than all the rest of the departments put together. As the people of the Territories are united in their demand for a representative in the cabinet, so they are unanimously in favor of the choice of Mr. Dewdney for that honorable position. Even political opponents favor the selection of Mr. Dewdney, and it is to be hoped that the unreasonable criticisms of Mr. Dewdney by the eastern grit editors will not deter Sir John from acceding to the just demands of the Northwest to appoint Mr. Dewdney Minister of the Interior. Sir John is not however the man to be easily frightened.

THE TOWN FINANCES.

The situation it will be seen on a close examination of the statements made at the council board on Wednesday night, amounts to about this. Taking the floating debt, created principally by the council of 1887 for public works &c., commenced under their administration with the amount for necessary salaries, schools and other unavoidable expenditure will amount to \$22,000 or \$23,000. It will take 23 mills in the dollar on the assessment to meet that expenditure. The question for the ratepayers now to decide is whether they want the council to levy 23 mills on the dollar, or devise

some other means of paying off or consolidating the floating debt, or whether the council shall leave a floating debt of \$3,000 or so for the next council to grapple with, and do nothing at in the way of building sidewalks and crossings, or other street improvements whatever. If the ratepayers don't wish any floating debt left, nor any improvements at all made and do not want to pay over 15 mills in the dollar, they must authorize the town council to borrow \$3,000, then if the ratepayers want any improvements made they must authorize the council to borrow just as much more than the \$3,000 of debt as they want spent in improvements. After a very careful examination by the public works committee, they have made a detailed statement showing that it will take about \$4,000 to put the sidewalks and streets in anything like a passable condition, and \$500 to make the necessary drains, and 500 dollars for contingencies, making 5,000 dollars for improvements, which added to the 8,000 of debt, would make 13,000. This amount is all that the council think they could judiciously invest this year. The council think that it is not wise to go on with any system of sewerage except in connection with waterworks. Under the most favorable offers that may be received for putting in waterworks, they cannot be put in this summer, therefore the council think it would not be wise to incur any greater debt than at present than is necessary to meet the requirements of this year. We are of the opinion however that it would be wise for the council to at once take steps to ascertain what it would cost to put in such a drainage system as would meet the present wants of the town; and in such a way that it could be extended as the town grows, by taking this course the council would be in a position to deal with the question of water works and drainage in an intelligent manner at once and the same time. We hold that it is necessary for the present council to take some action in the direction of sewerage system as well as water works if they are to be proceeded with this summer, as it would crowd the whole matter into too short a space of time if the whole arrangements were left for the next council to make, after they get in working shape next year; at the same time we think the council are acting wisely in not asking to borrow more money now than is needed for this year's expenditure and cleaning up the whole of the floating debt so that their successors may take office with a clean slate.

The elections for the new legislative assembly of the Northwest Territories are close upon us and it behooves the people to direct their attention to public matters for a time. The Dominion Government by the passage of the new legislation bill has put a serious responsibility upon the people of this part of Canada and it must not be shirked. As Sir John Macdonald announced in introducing the bill in the House of Commons this form of a popular assembly without responsible government was devised simply with a view to giving the Territories a thoroughly representative body which would be able authoritatively to give expression to the views of our people as to the most desirable form of permanent government, towards which this new bill was designed to be the first step. The present is in fact the most important political crisis we have ever had and the people must take advantage of the privilege of giving effect to their opinions, and assert themselves. The elections cannot engross too much of our people's attention. The securing of responsible government and the repeal of the iniquitous and abortive prohibitory liquor

law depend upon the result. The people of the Northwest with singular unanimity desire, in fact demand, these changes not only in their own interest but for the interest of the great country of which the Territories form so important a part. Now is the time for them to make their voices heard and the occasion must not be lost. Every vote should be polled and in favor of such candidates, pledged to the cause of responsible government and the abolition of the prohibitory law, as have the ability to make the best of the present opportunity. There are candidates already in the field in every constituency and the electors are being energetically canvassed. Before pledging themselves it would be well for the voters to thoroughly consider the merits of the respective candidates, and then work and vote for the man of their choice.

The contest in Calgary district is a three cornered one, there being three candidates in the field:—Messrs. John Lineham, H. S. Cayley and James Reilly. It is to be regretted that the election could not have been made unanimous, as our two representatives, having the endorsement of the whole electorate, would be able to express the desires of their constituents with more authority than if they had been opposed. Of the three candidates Messrs. Lineham and Cayley appear to have the best chance of securing the election. Mr. Lineham is a man of character, ability, energy and experience. As a man who has been identified with the settlement and development of the varied interests of the country, is well qualified to represent the central portion of Alberta in the Northwest assembly. His election is certain and Calgary has reason to be congratulated on its choice. Mr. Cayley is a young man of brilliant attainments whose public career in the Northwest Council has been eminently satisfactory to his constituents. He also is moderately certain of being elected. Mr. Reilly, the third candidate, is an estimable gentleman and good citizen but does not possess in so marked a degree the qualification for public life as distinguish his two opponents. If Calgary could return three members the Herald would like to see Mr. Reilly as our third representative but as it is, feels it to be its duty to oppose him. The very best men must be returned, and that too by the largest majority it is possible to give them. A representative with a small majority cannot speak with the same authority nor do such good work for his constituency as one whose overwhelming majority entitles him truly to claim the title of being the popular representative. Not a supporter of Messrs. Lineham and Cayley should fail to exercise the franchise, because every vote will help to swell their majorities even if it should not be required to secure their election. It should be remembered too, that more elections have been lost by over confidence than by anything else.

Readers of the Herald and news-dealers requiring extra copies of the paper will please leave their orders in the publishing office as early as possible. Yesterday a late demand for the paper compelled us to take the trouble of going to press a second time.

MANUFACTURE AND TRANSPORTATION.

The C. P. R. and the National Policy combine to make Canada a manufacturing and exporting country. A carload of cotton goods made at Windsor, Nova Scotia, passed through Calgary a few days ago all the way by rail to Vancouver, and thence it goes by ship to China, the carload weighed 35,000 pounds. This is only one of many similar cases of Canadian goods having been shipped to China and Japan, which would have been impossible without both the railway and the National Policy. These shipments to markets where we have to compete with English and American goods of the same line, shows conclusively that the N. P. have raised Canada to the position of a competitor with the older nations of the world. Some enemies of Canada may say that the quantity of goods thus made in and exported from Canada is a mere handful in the world's consumption. That statement would be true, but at the same time it would not be good logic as well as being unjust to Canada to use such an argument against fostering Canada's infant industries, England herself the great manufacturing centre of the world, was at one time not a manufacturing nation, and not only so, but was dependent on other countries for her manufactured goods, protection raised her to the proud position she now occupies. The United States within the memory of many now living occupied an inferior position in this respect to that which Canada now holds on principle, and in

later years as a financial necessity, consequent on having their war debt to pay off have sought to protection, with the most prodigious results, protection we may add, does not always consist in the imposition indiscriminately of customs duties. In England, free beef and bread means protection to manufacturers, which fact Richard Cobden, the great apostle of free trade understood well, and framed his policy in accordance with that knowledge.

A Texas paper says: "They are beginning to want our cattle up north, and are moving the dead line further south. They will have to move it to the Gulf of Mexico and come down themselves for our long horns, if they want them. At least till our prickly pear and cotton seed play out, which may be within a century."

At the Westminster Lodge sale of Short-horns, in England, 38 heifers made an average of £20 16s., and twenty-seven bulls averaged £21 11s. 8d. Mr. Thornton recently disposed of the Horwood herd of Jerseys, bred by the late Phillip Daubney, sixty-one cows and heifers making an average of £24 5s., and seven bulls £23 17s. The Jersey herd of the late Mr. Cooper, of England, was also sold by Mr. Thornton, twelve head making an average of £24 4s. 6d., and twenty head of Jerseys belonging to a Miss Moore, was sold by the same gentleman at an average of £20 9s. 6d.

A FORTUNE FOR SOMEBODY.

Says the Kansas City Live Stock Indicator: "The hide market this spring seems to be depressed, and the supply is larger than at this date last spring. When science succeeds in demonstrating that the tanning business can be made profitable nearer the source of supply, prices of hides ought to improve." It appears difficult to understand why the tanning business cannot be made profitable nearer the source of supply. Take Calgary for instance, where the supply is already large and in the very near future will have attained simply immense proportions. Bark is to be procured easily from the mountains and our unlimited water power offers exceptional inducements for the establishment of manufacturing industries of any kind. There appears, however, to be the best field for a tannery. Who will step in and fill it? Some of the Herald's many readers in the East, who are pegging away to secure a modest interest on their capital should be able to come here, contribute to the progress of the country and make a fortune. There's nothing like leather and the article of home manufacture is wanted badly in the Territories just now.

CALGARY'S OPPORTUNITY.

Is Calgary going to take any steps towards securing the Territories branch of the Royal Victoria College? This institution, it will be remembered, was projected by Sir George Stephen, Sir Donald A. Smith and Mayor Abbott of Montreal during the last session of the Dominion parliament. The charter was applied for at Ottawa but to prevent interference with the rights of the provinces to regulate their own educational affairs, the bill of incorporation was withdrawn and separate acts of incorporation are being sought from the legislatures of each of the provinces in which it is proposed the institution shall operate. The bill withdrawn from the federal parliament set forth that the object of the institution is to provide for the imparting of a university education to women. The university proper will be established in Montreal and branch colleges in Manitoba, the Northwest Territories and British Columbia. As a first endowment the founders of the institution have donated a million and a half dollars. An excellent opportunity appears to be presented to Calgary to secure the Northwest branch of this very promising institution. The advantages we possess are marked. In the first place Calgary is by far the largest centre of population in the Territories, it is just on the eve of being the principal railway centre of the country, and by reason of its high altitude is eminently fitted to be the seat of a great institution from a sanitary point of view. When all the advantages we can offer are considered it is impossible to imagine that Calgary could be overlooked in the selection of a site for this important institution. Still stranger things have happened, and with so many other less advantageously situated but equally ambitious towns as Calgary, in the Northwest, it is only reasonable to expect that if Calgary does not exert itself, determined efforts will be made to procure the establishment of the institution elsewhere. This appears to be a question for the town council to take up and if they decide upon any action, it should be done at once. Exemption from taxation, a free lot and a judicious grant perhaps, should secure the institution to Calgary with very little trouble. The venture is worth trying, for if suc-

cessful, it would be the first step towards establishing Calgary as the intellectual, as it is now the commercial centre of the Territories. Not even the most prosaic business man will deny that such an ambition is a worthy one.

THE MINE.

Items of Interest to the Searchers for the North's hidden Wealth.

The output of coal in the United States for the week ended May 5th. was 621,412 tons, against 639,277 tons last year. From January 1. to May 5., 11,115,687 tons, against 11,166,724 tons in 1887.

During the three months ended March 31, the exports were 5,493,956 tons, against 5,304,309 tons in the first quarter of last year, and 4,562,320 tons in the same period of 1886.

The sale of Nova Scotia coal in 1887 to the United States comprised 2,558 tons of round, 35,722 of slack, and 85,613 tons of run of mine coal; in all, 123,893 tons, against 66,003 tons in 1886.

It is reported that rich deposits of gold have been recently discovered in a black sand bank, which is situated on the coast near the mouth of Copper River, about 700 miles above Juneau in Alaska. One of the discoverers was offered \$25,000 a few days ago for his claim. From three pounds weight of sand taken from the bank, \$1.40 in gold dust has been obtained. A number of miners left Seattle by the Ancon on her last trip for the new diggings.

China is developing her coal and iron mines, and a blast furnace and iron and steel rolling mill plant has been ordered by the Celestial Government from English engineering firms.

Lehigh Coal and Navigation Company, of Pennsylvania, has declared a dividend of two per cent, payable June 9.

The total production of Bessemer steel rails in Great Britain last year amounted 1,021,847 tons, leaving 1,039,153 tons of Bessemer steel for other purposes.

The total sales of Nova Scotia coal for the year 1887 amounted to 1,519,684 tons, against 1,373,666 tons in 1886, being an increase of 146,018 tons.

At the close of the fiscal year 1877, there was but \$167,501,472 of gold in the United States, while at the close of 1887 there was \$295,130,375.

Mexican silver lead ore, imported into the United States by way of El Paso for the quarter ended March 31, 1888, was valued at \$1,001,559.

At Glenwood Springs, and Carbondale, Cal., magnificent veins have recently been discovered. The latter is a thirty foot vein of pure bituminous, and has already been traced a distance of fifty miles.

Supreme Court Sittings.

Present, Judges Richardson, Rouleau, McLeod, Wetmore, McQuire,

School Board of Calgary vs. Lafferty & Smith. Appeal from the decision of Judge Rouleau giving a verdict for the plaintiffs. Appeal dismissed, with costs. Loughheed (Loughheed & McCarthy) for plaintiffs; Smith (Blecker & Smith) for defendants.

Blunt vs. Marsh. Appeal from the judgement of Judge Rouleau, giving a verdict for plaintiff. Appeal dismissed with costs. Smith (Blecker & Smith) for plaintiff; Loughheed (Loughheed & McCarthy) for defendants.

Lafferty & Smith vs. Mowat and Kerr. Appeal from judgement of Judge Richardson giving verdict for defendants. Appeal allowed with costs. Smith (Blecker & Smith) and Secord for plaintiffs; Johnstone for defendants.

Galt vs. Smith. Appeal from judgement of Judge Richardson giving verdict for defendant. Judgement reserved. Secord and Tupper for plaintiffs; Scott (Scott & Hamilton) for defendant.

Queen vs. Mowat and Kerr. Appeal from judgement of Judge Richardson giving judgement for defendants. Judgement reserved. Scott (Scott & Hamilton) for Crown; Johnstone for defendants.

Re conviction under Territories Act. Case reserved by Judge Wetmore for the full court. Judgement upholding a conviction for selling liquor drawn under the Summary Convictions Act and containing distress clause with imprisonment on default of sufficient distress.

Judgement in the reserved cases will be given on September 11th, to which date the court was adjourned.

The public sale of Aberdeen-Angus cattle by Messrs Boyd & Co., of Chicago, last week, was attended by the leading "doddie" breeders of the country, and the rivalry was keen—Among the western purchasers were Geo. Gaary, Wallace Estill and A. B. Matjews, of Missouri, M. T. Brown and W. M. D. Lee, of Kansas, the latter securing the noted bull Black Judge, at \$500, Nebraska and Iowa were also well represented. T. W. Harvey and A. B. Mathews paid the highest prices at the sale—\$700—the former for the four-year old-cow Blue Bell 2d 2980, and the latter for Pride of Verulam 7403, 27 months old.

A WATERY GRAVE.

YOUNG ENGLISHMAN DROWNED WHILE BATHING.

Fire at Moose Jaw.—The Fisheries Treaty up in the United States Senate.

BRANDON, June 12.—Three farmers named respectively Richard and Thomas Currie and Wm. Noble, were engaged threshing in Elliott settlement and piling grain in the upper part of the granary. The floor gave way crushing the three men below. They were rescued at once and on examination it was found that they were seriously injured.

A young Englishman named Trifell was drowned here yesterday while bathing. He had only arrived from the old country a few weeks ago.

The "Tiger and the Rose," the neat little publication brought out every month by Her Majesty's York and Lancaster Regiment, has a touching little account of the departure from his corps of Sergeant-Major John Murray, now living in this district and formerly Sergeant-Major of the second battalion of the Y and L Regiment. The smart military paper spoke in flattering terms of Mr. Murray and describes the cheers he got as somewhat deafening. It also said "Every N. C. officer and man and the married women, and even the children of the regiment, that could be there were there to bid good-bye to the Sergeant-Major that we were all loth to part with. The only farewell the good old soldier could make was the continually raising of his hat as he shook hands all round."

OTTAWA, 6.—A terrible cyclone struck Carleton and Russell counties. Farm buildings were levelled to the ground, trees broken or uprooted, fences blown down and a great destruction of property generally caused. On Booth's model farm \$8,000 damage was done. Jas. Milligan, a government experimental farm hand, who sought shelter in one of these buildings was killed and fearfully mangled. John Gray aged 25 was killed by a brick building falling on him. Billings bridge church was thrown to the ground and a young girl killed. It is reported that other lives have been lost. The Protestant hospital, Ottawa, was struck by lightning and suffered \$5,000 damage. The firemen worked hard and kept the flames confined to the roof. There was great consternation among the patients; but all were removed to a place of safety.

The storm also struck this city. The telegraph and telephone wires were much demoralized. Several accidents caused by falling bricks and signs are reported. Passengers by incoming trains report great damage throughout the country districts. Some lives are reported lost in the Eastern Townships.

A Partisan Enumerator Disfranchised the Manitoba Conservatives.

WINNIPEG, 9.—Alderman Calloway says he is still in the field for North Winnipeg as independent candidate. The Conservatives of Manitou have decided not to nominate a candidate, owing to the partisan spirit shown by the enumerator in leaving off about a hundred Conservative voters in preparing his list. The Conservatives of Dennis and Russell have nominated A. G. McDougall and H. R. Mitchell, respectively as their candidates for the local legislature.

A meeting of the committee of management of the Calgary Agricultural Society held this afternoon, it was arranged that complete the fencing round the grounds. Some general business was also transacted.

Indian horse thieves are still operating. Word has been received here from Morley that a couple of nights ago no less than 27 horses were stolen at one haul from the Stonies. The Blackfeet are charged with the theft.

Information has been received here that the Galt company propose pushing on at once the continuation of their line of railway from Lethbridge to the boundary. Surveys of the line are actually being made now. It is understood that the company has the Government's assurance that their charter will be granted all right next year.

Messrs. Hull and Trowe cut up in their meat market yesterday the carcass of a splendid steer, which gives additional proof of the wonderful capabilities of this district for raising beef. The steer was only three years old this spring and weighed 1020 lbs. dressed beef. Although it never tasted any food from the time it was weaned until it was slaughtered, except prairie grass, it was very fat. The same difference between this animal and grass fed beef of the old provinces, which comes to market only in the fall, was particularly noticeable, namely that grass fed beef in Ontario is only coated over with fat, while this beef is streaked

with fat all through like beef that had been stall fed for three or four months, thus demonstrating that first class beef can be raised here at a fraction of what it costs in all eastern countries.

The Blackfeet are making preparations for a grand sun dance to take place shortly.

About twenty teams laden with goods went north by the Edmonton trail this morning.

Mr. J. A. Longhead, who has been attending court all week at Regina, returned to town this morning.

The rifle ranges were well patronized last evening and this afternoon by crack shots practicing for the Dominion Day matches.

The gratifying information comes from a private source at Ottawa that since the first of May no less than \$180,000 has been received by the Government for coal lands between Calgary and Banff. This certainly indicates that before long mining operations on an enormous scale will be carried on in this neighborhood. In a few years, with its coal and water power Calgary should be the Birmingham, as it is the Denver, of Canada. Nothing can keep it back if its people are but true to themselves.

The Winnipeg papers chronicle with great thankfulness, a rain shower in Manitoba, which they hope will give vegetation a start. While Manitoba has been waiting for warmth and moisture to give a start to the crops, ours have been lustily growing. The grain fields are covered with verdure, and our thousands of cattle revel among the sweetest of green grass three inches high, and still the boomers of Manitoba represent that province as the only promising part of Canada's prairie country and Liberal legislators from their seats in Parliament state that the Territories are not worth living in, and that there are no settlers west of Q. Appelle but those who are too poor to leave the country.

The Scott Act has come to grief once more, having been repealed in Stanstead county. The blow comes all the stronger on the total prohibitionists on account of Stanstead being considered as the most staid and sober county in the Province of Quebec. The prohibitionists are said to be quite downcast, as they had hoped by a strenuous effort to have stemmed at Stanstead the tide of defeat, which has swept the Scott act from so many counties throughout the Dominion lately. The result appears to indicate, not as the prohibitionists assume, that the county is selling itself to the liquor traffic; but that the people of the East, like those of the Northwest, have discovered that the attempt to enforce temperance by law, far from having the desired result, has put the liquor traffic in the hands of a most undesirable class; has resulted in the dispensing of inferior and poisonous liquors and, instead of reducing the amount of drinking in its less dangerous form, has only increased drunkenness of the most disastrous kind. When the people of the Northwest are conceded the same privileges as enjoyed by other Canadians where prohibition is in force and have the right to relieve themselves of this miserable monstrosity, there will be further appeals and the superiority of the system of high license over that of prohibition as a temperance measure will soon be demonstrated. The delay cannot be long.

The case against Frank Field, the man arrested on a charge of being an accomplice of McCarthy in his alleged swindling game was dismissed by the mayor Tuesday, as he did not consider the proof of prisoner's complicity sufficiently strong.

Although ball playing in the streets is prohibited, many persons, including grown up men, who should know better are in the habit of indulging in the dangerous practice. The chief of police has now rightly determined to put a stop to this state of affairs.

Mr. Hall, secretary of the department of the Interior, was in the town yesterday and left this morning for Banff, where he is to arrange for the putting of the act respecting the National Park into force.

The chief of police complains that ranchers in this vicinity do not take sufficient care of their cattle, several having wandered into the town lately. A bull caught yesterday enjoys retirement in the pound.

Mr. T. B. Lafferty on Tuesday purchased the 700 head of sheep of Johnston Bros. ranch, Gleichen, at \$3.18 a head. These sheep were sold at sheriff's sale at the instance of James O'Brien & Co., of Montreal.

A resolution was passed instructing the health inspector to look into the matter, and if the nuisance was not abated to lay information against Mr. Reilly before one of the justices of the peace. The petition was filed.

TRAIN ROBBERS.

DISPERATE AFFAIR NEAR CINCINNATI.

Train Handed and the Robbers Exchange Shots—The Robbers Beaten Off.

CINCINNATI, 9.—A daring attempt was made to capture a train on the Cincinnati, Indianapolis and St. Louis R. R., just outside this city. After many shots had been exchanged the robbers were beaten off. One train hand was fatally wounded.

CUPID'S LATEST CAPTIVE.

Mr. Hayter Reed Married at Belleville.

BELLEVILLE, 9.—Mr. Hayter Reed, Assistant Indian Commissioner, Regina, was married in St. John's church yesterday to Miss Georgina Horton, daughter of the late Col. Horton. Major Crozier late of the Mounted Police was groomsmen.

REBELLIOUS STUDENTS.

Raise a Row in Laval University.

QUEBEC, 9.—A difficulty has arisen between the Rector of Laval University and a number of students as to extra charge for gas. Twenty three students have refused to pay for extra gas they burned and were expelled to-day. The police were called upon to see that they departed quietly, as a violent demonstration was feared.

When His Worship Mayor Shelton called the meeting of the town council to order last night there were present Councillors Collins, Orr and Linton. A little later in the evening councillor Douglas arrived. The first business was the consideration of a number of accounts, including one of \$191.24 and another of \$208.06, bills of costs in the celebrated cases of the town vs the Northwest Land company and the Canadian Pacific. These accounts were referred to the finance committee. The mayor presented the dispatch of Mr. A. M. Burgess, Deputy Minister of the Interior, announcing that the request of the Calgary Council regarding an Icelandic reserve had been granted. On motion of councillor Linton the despatch was filed.

The pig nuisance question came up again on a petition from H. Crick and 37 other residents of the south side of the track, complaining of Mr. James Reilly's pigs. The petition pointed out that these porkers are a source of great damage, annoyance and nuisance to the petitioners' families and themselves, that the keeping of them is contrary to the spirit and intent of the by-laws of the town and dangerous to public health, and asked that steps be taken towards the abatement of the nuisance.

The mayor reported having waited up on Mr. Pearce, of the Northwest Land Board, with reference to the islands in the Bow River which the Government has offered on certain terms to the town for a park. He had pointed out that the town objected to take the islands over for such a short term as that proposed, twenty-one years. Mr. Pearce asked him if he thought forty-two years would be more satisfactory.

The mayor reported having been asked by Mr. Whyte and the agent of the C.P.R., which street crossing the railway tract it would be best to close. Such action is necessary as the increasing trade of Calgary necessitates the construction of new sidings and a freight shed. The opinion was expressed that Scarth street could best be closed. The matter, however, was left over.

The resolution of the public meeting recommending the raising of a loan of \$20,000 was brought up. Councillor Collins thought that while a bill of \$12,000 or \$14,000 might pass one of \$20,000 could not. The lower amounts mentioned were as much as could be disposed of. \$7000 for last year's permanent improvements and \$5000 on streets for this year could well be put in a by-law. Mr. Julian had promised him to prepare a scheme for sewerage to cost \$30,000 or \$40,000 but he (speaker) thought it would be not advisable to proceed with this undertaking yet.

After some further discussion it was unanimously resolved on motion of councillor Linton:—"That a by-law be submitted to the ratepayers to raise the sum of \$12,000 to defray the cost of permanent improvements for the current year."

As readers of the HERALD will have noticed from a perusal of the advertising columns, Calgary's Chinese colony is just now in the midst of a bitter trade war. A recently arrived immigrant from the flowery kingdom opened the ball by advertising to do washes at reduced rates. Joe George and Sam Lee two old timers immediately saw the tenderfoot and raised him, coming out with a tariff which threatens ruination to the manipulators of the wash board and flat iron, if kept up for long. George and Lee have laid in stocks of rice and prunes and express themselves prepared for a long siege. The olive colored gentlemen appear to relish the competition and meantime the Mexican man can economically revel in clean collars and boiled shirts.

The Stock Interest.

Northwestern Live Stock Journal.

We doubt if there were ever more encouraging range prospects than exist this season. The rains did it. Now, if we could only get up some kind of a storm that would raise prices at the beef markets all would be lovely.

Texas Live Stock Journal.

The experience of this spring has taught the lesson that nothing will probably supplant good mesquite grass for fattening stock. This is not used as an argument against feeding, as nine years out of ten there is not enough of mesquite grass to fully fatten a steer, but when there is, as there is this season, stock cannot be as profitably fattened on any other feed whatever.

Billings (Mont.) Gazette.

Large numbers of horses are travelling east and west on the Northern Pacific railroad. Fine stock coming west, and hundreds of carloads of medium weight driving horses being shipped east to fill the demand that has arisen for Montana-bred horses. This demand is constantly increasing, and even now it is difficult to find large numbers of horses well-broken and fit to ship east. This industry is comparatively in its infancy, and an opportunity is offered for capital which is unequalled.

Entertainment at Gleichen.

GLEICHEN, 8.—A very successful entertainment took place here last evening. The object of its organization was to raise funds for the completion of the school house and they succeeded in obtaining \$200. In the afternoon a school entertainment was given, followed by a tea for the children. In the evening a dance took place. An incident of the last entertainment was a poll for the most popular man in Gleichen. Messrs. Lunn and Magnus Berg were nominated and between 300 and 400 votes cast. The poll declared Mr. Berg the favorite by a large majority. During the days Messrs. H. S. Cayley and Jas. Reilly addressed the electors in their behalf.

Cattle Notes.

The following are definitions of the Breeder:

"Pure-bred"—An animal of a distinct and well-defined breed that has been recorded or is eligible to record in the recognized herd-books of their respective breeds.

"Cross-bred"—An animal whose sire, and dam, being of different breeds, are recorded, or are eligible to record in the recognized herd-books of their respective breeds.

"Grade"—An animal having 50 per cent or more of the blood of any one of the recognized pure-breeds, but not itself a pure-bred or a cross bred animal.

"Common" or "Native"—An animal that cannot be shown to have 50 per cent of the blood of any one of the recognized pure breeds.

There seems to be an impression in cattle trade circles that the season's prospects are not too promising especially in view of the insurance difficulty. The opinion is expressed that unless the dispute is speedily arranged a deadlock must ensue.

BIRTHS, MARRIAGES AND DEATHS.

Notices under this heading inserted FREE in the Daily Herald.

At Calgary on the 8th instant the wife of W. H. Cushing of a daughter.

At Kamloops B.C. on the 7th instant the wife of W. H. Chapman of a daughter.

Suddenly at Winnipeg, while visiting some friends, Sarah Morris, eldest daughter of John and Emma McGee, aged 11 years and 6 months.

BOYD-JOHNSTON.—At Knox Church, Calgary, by the Rev. J. C. Hamilton, B. D., on Saturday, the 2nd inst., Albert E. Boyd, son of S. J. Boyd, Morley, to Annie Grace, daughter of Capt. W. Johnston, R. N. of Portsmouth England. No cards.

MAY-PAICE.—At the Church of the Redeemer, Calgary, by the Rev. A. W. P. Coates, on Monday, June 11th, Ernest G. May to Miss E. P. Coates of Newbury, England.

At Calgary, on the 7th inst., by Rev. J. C. Hamilton, B. A., Robert Hamilton, of Sheep Creek, Alberta, formerly of Nicola Valley, B. C., to Mrs. Matilda Givin.

TO THE ELECTORS

Your vote and influence are requested for

H. S. CAYLEY

at the approaching election for the Northwest Legislative Assembly.

LEGISLATIVE ASSEMBLY.

TO THE ELECTORS OF THE PROPOSED ELECTORAL DISTRICT OF CALGARY:

GENTLEMEN:—A bill having reference to a new constitution, and setting forth a new form of government for the Northwest is being considered by the House of Commons at Ottawa and will become law in a few days.

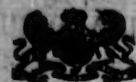

Under its provisions this district will be entitled to return two members to represent its interests in the proposed assembly.

I beg to announce myself as a candidate for the honorable position of a member for this district, and respectfully solicit your votes and influence.

I have seen to have the A. W. P. Coates, on Monday, June 11th, Ernest G. May to Miss E. P. Coates of Newbury, England.

At Calgary, on the 7th inst., by Rev. J. C. Hamilton, B. A., Robert Hamilton, of Sheep Creek, Alberta, formerly of Nicola Valley, B. C., to Mrs. Matilda Givin.

At Calgary, on the 7th inst., by Rev. J. C. Hamilton, B. A., Robert Hamilton, of Sheep Creek, Alberta, formerly of Nicola Valley, B. C., to Mrs. Matilda Givin.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Indian Industrial School," will be received at this office until Thursday, 28th June 1888, for the several works required in the erection of an Indian Industrial School near Regina, N.W.T.

Specifications and Drawings can be seen at the Department of Public Works, Ottawa, and at the office of the Clerk of Works, Regina, on and after Monday, 15th June, and tenders will not be considered unless made on the form supplied and signed with actual signatures of tenderers.

An accepted bank cheque, payable to the order of the Minister of Public Works, equal to five per cent of amount of tender must accompany each tender. This cheque will be forfeited if the party declines the contract, or fails to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By Order

A. GOBEIL, Secretary.

Department of Public Works,

Ottawa, 2nd June, 1888.

TO THE ELECTORS OF THE RED DEER DISTRICT.

GENTLEMEN:

Yielding to the wish of a large number of the electors of the Red Deer District, I beg to announce myself as a candidate for your suffrage in the approaching election for the Legislative assembly.

The Election takes place on the 27th inst. I will try and see as many of the electors personally as time will permit.

The Red Deer District is comprised largely of a farming and ranching element, and it is only fit and proper that it should be represented by a person whose interest is identical with the most important industries of the district.

Should you give me your support I can only say that I shall at all times endeavour to advance the interests of the Northwest Territories and of this district in particular.

I have the honor to be Sirs,

Your Obedient Servant,

ALFRED BREALEY

LEGISLATIVE ASSEMBLY.

TO THE ELECTORS OF THE ELECTORAL DISTRICT OF RED DEER.

GENTLEMEN:—Having received the unanimous nomination at a meeting called for the purpose of selecting a candidate to represent this district in the new Legislative Assembly of the Northwest Territories, and being presented with a requisition signed by one hundred and seventy voters of the district, I have consented and now announce myself as a candidate for said position, and beg leave to solicit your vote and influence.

Assuring you, if elected, I will advocate and support all measures tending to the best interests of this district and the Northwest Territories generally. Hoping to have the privilege of meeting you in your respective localities and discuss matters relative to your immediate wants.

I have the honor to be, gentlemen,

your obedient servant,

H. G. BRETT.

Banff, 28th May, 1888.

ELECTORS.

N. W. LEGISLATIVE ASSEMBLY

TO THE ELECTORS OF THE ELECTORAL DISTRICT OF CALGARY:

GENTLEMEN:—You will be called upon shortly to elect for this district two members to represent you in the new legislative assembly for the Territories.

I beg to announce myself a candidate for such position and respectfully ask your vote and influence.

I present myself not as a party man, and shall consider it at all times my first duty to advocate the interests of the Territories regardless of party politics.

I hope during the canvass to have the honor of calling upon as many of the electors as possible and personally explaining to them my views.

Faithfully Yours,

JOHN LINEHAM.

15 REWARD.—Lost one large brown mare, indistinct bar brand on left hip, no white, heavy with foal, scar on left hind foot joint, also one bay Cayuse mare, banded tail and large saddle marks on back. The above reward will be paid for the recovery of the said animals. Address W. W. Stewart, Morley P.O. or to the Herald.

DEATH AND RUIN.

YESTERDAY'S CYCLONE IN THE EAST

A large area devastated—More Deaths Reported—Why Wiggins did not Predict the Storm.

OTTAWA, 8.—Reports from all parts of the Ottawa Valley indicate the terrible nature of yesterday's storm. The school house at Manotick was destroyed and 30 children burned in the ruins, many being hurt. St. Thomas Roman Catholic church at Oatesville was ruined and twenty-one girls at communion instruction class were overwhelmed by the debris. When they were got out they found a little girl named Mary McVeigh dead. A young stableman named Gray was struck by a log at the Hog's Back and instantly killed. Some miraculous escapes are recorded. Wiggins the weather prophet says it is impossible to predict an electrical storm of this character twelve hour ahead.

MONTREAL, 8.—The storm was the worst ever known here. In the country districts the damage was most severe, barns being razed to the ground. Several boats in the harbor were seriously damaged and nearly all the streets are strewn with trees and fences. The steamer Laprairie with a large number of passengers aboard was almost wrecked in midstream opposite the city. About a hundred barns were blown down at Vaudreuil and two hotels at Varennes struck by lightning and destroyed. Three persons are reported drowned.

A fire broke out in the Canadian Pacific stock yards and before it could be extinguished 130 valuable horses were burned.

ST. JOHN'S, Nfld., 8.—Destructive forest fires prevail along the south shore at Conception Bay, Collier's mine, Placentia and Harbor Grace at Little Bay. Twenty-six families have been burned out saving nothing. A woman and two children were burned to death.

WINNIPEG, 8.—Two hundred excursionists left Toronto for Winnipeg last night.

The forty miles of Hudson Bay Railway already built are to be placed in condition to allow of the running of trains. Stations are to be built and rolling stock purchased.

John Rose, member of Springfield Council, was thrown out of a wagon in Winnipeg yesterday and killed.

Hon. Mr. La Riviere has consented to run in St. Boniface. His election is considered certain.

White and Mick, the Portage la Prairie fire bugs have been committed for trial on three charges of arson.

OTTAWA, 8.—The impression prevails here that Sir John will recommend one of his old Ontario guards for the Cabinet position soon to be vacated by Mr. McLean's acceptance of the Governorship of Nova Scotia. Looking over the record Hon. Geo. Kirkpatrick's chances appear the best, his parliamentary record dating back to 1870. This would reconcile dissatisfied Ontario Conservatives to the appointment of Mr. Dewdney to the Interior Department.

OTTAWA, 8.—Lord Lansdowne has subscribed fifty pounds sterling to the sufferers by the Hull fire.

Hon. George Foster assumed the duties of Minister of Finance to-day. Hon. C. H. Tupper will probably be elected by acclamation.

OTTAWA, 8.—The period for receiving tenders for Indian supplies aggregating a quarter of a million dollars, closed to-day. Several tenders were received. A number of interested parties are in the city awaiting the official announcement, including representatives of I. G. Baker & Company.

ROCHESTER, June 5.—A cablegram was received by Hon. H. H. Warner from H. Modica, Paris, saying that he had been awarded the grand medal of the Paris Salon for his painting, "The White Captive," one of the three \$25,000 paintings of American Indian life he was commissioned to paint by Mr. Warner.

BERLIN, 7.—The crisis in the German Ministry continues but it is positively assured that Prince Bismarck will remain at his post. Herr von Puttkamer will resign as Minister of the Interior, and Herr Achenbach President of the Province of Brandenburg will probably be appointed in his place. Herr Achenbach conducted the political education of the Crown Prince William and is highly esteemed by the Emperor.

LONDON, 7.—The Standard says that the Irish Land Bill has been abandoned by the Government and that a Land Commission to continue for three years will be substituted. The sums advanced under the Ashbourne Act will be enlarged.

STEWART RANCHE

Range—Pine Creek, near Fort Macleod, N.W.T. Owners of cattle and horses branded on left hip, and cattle T on connected on left hip. Ear marks—Right ear cropped, left ear underbit. Horse brand—SC on left shoulder.

C. H. GOLDFINCH

Range, Bow River, Address, Lehigh. Cattle brand, same as on left side. Horse brand, same as on left shoulder. Also owner of cattle branded horseshoe and hog.

This is a first class opening for a small rancher in one of the best ranges in the country which has ample winter shelter. H. BLECKE

PUBLIC OPINION.

The HERALD, as the exponent of public opinion, will gladly publish correspondence from its readers on public topics. Correspondents are requested to remember that space in the HERALD is valuable and that "brevity is the soul of wit". The paper does not assume the responsibility of its correspondent's opinions.

To the Editor of the Herald:

Sir.—I was surprised to learn, by your report of the proceedings that at the town council, I was charged with having a dirty yard behind my place. A few weeks ago, I took particular pains to clean my place, and my intention was to keep it as clean as possible. I will admit that I have a small amount of rubbish at the further end of the lot, but not so bad as many other places. I had made arrangements with a man to have a channel made to carry away slops, and the other rubbish was ordered to be put in barrels to be removed as soon as possible. The man I made arrangements with disappeared, and I had to attend to the matter myself. Councillor Collins lived next door to me, and if he had could have informed the council that I had my place clean, it would have been a short time ago.

THOMAS SKINNER.

To the Editor of the Herald:

Sir.—In your paper of yesterday an account of the Town Council proceedings, in which my name is mentioned very unfairly and improperly in connection with some pigs. In the first place I don't own a pig individually. The firm of which I am a member does own some pigs, and was warned that their presence was offensive to some of our neighbors, provision was made for their removal, which was delayed a few days in order to get permission from Mr. Ramsay to occupy a yard more distant from the residence. They are now removed. I may state, further, that I have much reason to be very sensitive about pigs since I have been bitten by one, and I felt obliged to your council proceedings as though I had been bitten again.

Yours truly, JAMES REILLY.

[The Herald's report in the HERALD simply was brought up and discussed in the Council of the HERALD.]

To the Editor of the Herald:

Sir.—A considerable discussion has been going on some time re the vacant cabinet place held by the late lamented Minister of the Interior, and the names of several persons holding responsible public positions have been freely mentioned as worthy of the position. I do not propose to discuss the best man is, but I desire to enter a strong protest against the manner in which the well-known western M. P. (not a member from Regina) and a Winnipeg newspaper have been attacking a particular western gentleman who is a highly distinguished on the list of three for Canada has been holding in her hands the past few weeks from which Mr. White's successor.

A couple of weeks ago the Free Press stated that all the M. P.'s west of Port Arthur were disapproved of the appointment of this Honor. Lieut. Governor Dewdney. Now, this is a gross untruth. So far as I am concerned, the M. P.'s themselves are all but one, whose vaunting ambition usually overlaps itself, favor Mr. Dewdney's claim to the Interior, and the other is, I understand, an aspirant to the office himself. The British Columbia members are solid for Mr. Dewdney, and the Territorial representatives are one in question, and between the two camps west of Winnipeg whose names are mentioned for the Cabinet and the Interior, the Manitoba members are as one for the Lieut. Governor of the Northwest. This disposes of the Free Press story.

What of the claims of Mr. Dewdney to the office of Minister of the Interior, what of them? Almost every newspaper in the Territories emphatically declare for the Honor. From North, South, East and West the press are as one in declaring that their Lieut. Governor is a fit and proper person for the position, and if we look at the pile of petitions to the Secretary of State received by that gentleman from all parts of the Territories and from every man with a roof over his head praying that such an able and worthy man get another term of office in the Northwest Capital, surely Mr. Dewdney's popularity and popularity cannot be so easily made single pair of unscrupulous enemies would fain make believe!

No doubt you see yourself by the Northwest columns what these papers say of Lieut. Governor Dewdney, and I dare say if you ask your British Columbia exchange you will find them echoing the almost universal Northwest sentiment.

The Western Colonist of May 31st speaks with an uncertain sound. After declaring that Mr. Dewdney is "manifestly fitted" for the position of Minister of the Interior, and after referring to His Honor's Territorial popularity, alludes to him as "one who has been brought to his high office

a genuine desire to advance in every way in his power the fortunes of that virgin country." "We have," continues the Colonist, "every confidence that the announcement of his appointment to the portfolio of Minister of the Interior would be hailed with pleasure throughout the Northwest West." (British Columbia.)

The Kamloops Sentinel of Saturday is not less emphatic. After reviewing Mr. Dewdney's popular career in British Columbia it says: "No man among those available for Cabinet positions is more thoroughly acquainted with the requirements of the country, or possesses the knowledge so indispensable in managing the affairs of this department than Mr. Dewdney." * * * * He has been successful in living down all opposition, and has the general support of the whole Northwest in his new position. If thorough knowledge of the interests managed by the Interior Department and practical experience of the requirements of the district represented, can assure success, Mr. Dewdney should bring strength and ability to the Cabinet."

A gentleman of whom everybody speaks well, and the recognition of whose ability for the office of Minister of the Interior, is with few insignificant exceptions, universal, is, I think, undeserving of the reckless and malignant mud-throwing of a western "bard" and the Winnipeg Free Press, and it is because I know the HERALD to be a thoroughly independent and honest newspaper whose "audi alteram partem" principle is well known, that I would respectfully ask you to give insertion to these few facts. Yours respectfully,

AN OLD SETTLER.

Midnapore, Calgary, June 5, '88.

Mr. Tough who has been for a long time an employee of the C. P. R. Co., some time ago built a small "shack" on the C. P. R. right of way reserve and on the north side of the track. Later on Mr. Tough wished to bring his mother to Calgary to live with him, and made an arrangement with the C. P. R. to have a house built joining his shack. The C.P.R. are said to have furnished the lumber for the house, which was built in part by Mr. Tough, who was to pay rent and have the use of the house till the rent would cover the expenditure of the C.P.R., when the house would become the property of Mr. Tough. The latter claims that enough has been paid to make Tough the owner, this the C. P. R. deny. It is said that Mrs. Tough, the mother, has recently sold the house to Mrs. Fuller, and teams belonging to Mr. Henderson were employed to draw it away. The railway people stopped the movement. A second attempt was made with the team of Mr. Breunan to get the house off the C. P. R. land the other evening, when the chief of police was called in and the teamster had to desist. In the meantime Mrs. Tough, acting on the principle that her house is her castle, is holding the fort like a true heroine against all comers.

The grass is said to be eight inches high on many of the ranches in the vicinity.

Those wanting situations or help can advertise in the HERALD free of charge.

Mr. Alfred Brealey, of Beaver Dam announces himself as a candidate in Red Deer in opposition to Dr. Brett.

Alexander Sherman was arrested by the police last night for being drunk, and was sentenced to a fine of \$2.00 with costs by His Honor the mayor this morning.

Mayor Shelton is interesting himself in the case of the unfortunate woman Mrs. Dunum, who has developed into a religious monomania. It is proposed to send her back to her friends in England.

The annual eastern meeting of the church of England for the election of wardens and vestrymen, will be held this evening at 8 o'clock, having been postponed owing to the absence of the rector.

Frank Gilbert was taking a loaded gun off a waggon at Nose Creek this afternoon when the charge exploded, and almost blew off his right hand. The injured member was bound up, and the poor fellow in great agony brought into town, where Dr. Lindsay did all science could suggest to relieve the pain. The patient will lose several fingers.

There is good authority for the statement that the work of constructing the Alberta and Athabasca road northward is to be begun in a few weeks. Enquiries are already being made for terms, for the supply of the necessary sleepers. The contractors say they can build the fifty miles, which by their charter, the company has to complete this year, in six weeks.

A special general meeting of the Calgary cricket club was held in the secretary's office last evening. It was decided to re-organize the committee owing to the absence of one of its members. The annual general meeting of the club will be held on Wednesday next and arrangements were made to collect the subscriptions, which are considerably overdue, in the interim. Those who are interesting themselves in maintaining the club are anxious that all who take an interest in cricket should support the club, attend the meeting and assist the committee to maintain a first class club.

WINNIPEG, 6.—A bush fire on Sunday set fire to Mr. Strevel's ties at Scott's Hill near Whitemouth, and before it was stopped 10,000 of them were destroyed. About two weeks ago another lot of 10,000 of the same ties were destroyed. These were the ties once intended for the R. V. R., but the Government never took them over. Mr. Strevel, however, claims that the ties belong to the Government; while the Government say they belong to Mr. Strevel.

LONDON, 5.—Russia is making fresh demands on Turkey for the prompt and regular payment of instalments of her war indemnity and this, if persisted in, may cause trouble. Russia wants but a small excuse now for active hostilities and as Turkey experiences the greatest difficulty in finding the requisite cash for home purposes and to keep the wheels of the government moving, this appears to be an attempt on the part of Russia to force the game.

BERLIN, 7.—Mr. Henry Villard has written a letter in which he confirms the report that he is organizing an expedition to the South Pole. Dr. Newmayer, a Director of the Dutch Seawar of Hamburg, will co-operate with Mr. Villard in the expedition.

VIENNA, 7.—It is rumored here that another plot against the life of the Czar has been discovered.

WASHINGTON, 6.—Senator Chandler introduced a bill in the Senate to-day amending the Retailatory Act against Canada. The amendments give the President no discretion in the issuance of his proclamation, and fresh and salt fish are alone denied the right of entry.

DUBLIN, June 6.—Three privates of the Tipperary Militia at Queenstown have been sentenced to imprisonment for a week and are to be dismissed the service. The offence was cheering and firing a salute in honor of William O'Brien.

ADVICE TO MOTHERS.—Are you kept awake night or broken of your rest by a sick child suffering and crying with pain of "Cutting Teeth"? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children, Teething and Worms. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Stomach, reduces Inflammation, and gives tone and energy to the system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

TOWN TOPICS

D. H. Macdowell, M.P., left for Prince Albert this morning.

Mr. Samuel Scarlett, the hospitable traveller friend of the north, is in town.

To-day's weather report stands, Maximum 70, Minimum 38. To-day at noon by barometer, 26.106.

Mr. Samuel McCombe and a posse of men went west by last night's train to construct stables at Banff in connection with the C. P. R. transfer company.

Mr. Boorne, of Boorne and May, leaves for the coast on Friday. After arriving there, he will start back and complete a series of views of the mountains.

Mr. De Winton, of the Brecon sheep ranch, informs us that they have a fine lot of wool to take off this year. Their shearing will begin on the 18th of June.

Rev. Leo Gaetz returned from Banff on Saturday night. He spent Sunday and part of Monday in town, leaving for his home at Red Deer yesterday afternoon.

All members of the Calgary base ball club are requested to be on the ground tonight at 7:30 sharp, when a meeting will be held to transact business of importance.

Mr. James Reilly, candidate for the Northwest assembly, held a public meeting at Cochrane last night, at which he addressed the electors present on the questions of the day.

A party of pleasure seekers left Calgary by the 1 a.m. express train to-day to spend some weeks in the mountains. In the party were Mrs. Smith, wife of Mr. F. G. Smith, Banker; Mrs. Dr. Lafferty, Miss Lafferty, Mrs. L. C. Gouin and Miss Mable Gouin.

Councillor John McCallum, who has been very ill spent a good night, having slept better than for a number of days past. It is now thought the worst is over and that he will soon begin to improve more rapidly.

Mr. T. D. Green, D. L. S., and party, who are conducting the trail surveys in this district struck tent yesterday, (having completed their work between Gleichen and Calgary,) and moved westward to complete the survey north of the Bow River between Calgary and Morley.

Mr. W. Rutherford, manager of the British American Sheep Ranch Company, of Cochrane Station, informs us that their shearing will commence on the 25th of June. The company will clip 6,000 fleeces this season. What a pity we have no woollen manufactures here to use up this and the many other wool crops of Alberta.

Mr. Elliott, of England, the gentleman who purchased the 900 horses belonging to the British American Ranch Co., (known as the Cochrane Ranch) passed through Calgary to Cochrane by yesterday's train on his way to the ranch. It is understood that Mr. Elliott will carry on the horse ranching as it was formerly done by Senator Cochrane.

A small lumber spill took place about three miles west of Calgary yesterday. A freight train coming from the west had some cars of lumber attached, the stakes of one of the cars broke letting go considerable lumber along the track, which will be welcomed by the noble red men camped along the river, as a shower of manna was welcomed in the wilderness.

The unusual amount of rain we are having this spring together with the warm weather melting the snow in the mountains, has kept the streams too high for fording with safety for some length of time, making the want of bridges on Sheep Creek and High River very much felt. Mr. DesBreaux made a survey of Sheep Creek early in the spring by order of the Dominion Government for the purpose of bridging it, but we believe no sum was put in the estimate for it. It is to be hoped that our member, Mr. Davis, will do his utmost to have that bridge built, the travel is now so great that it is much needed.

Mrs. Bradley, wife of Mr. Bradley, who was for some time section boss on the C. P. R. at Shepard station, died last night of puerperal convulsions, she was in the prime of life and leaves three children between the ages of five and eleven, to try the cold reality of being without a mother. Mr. Bradley is still in the employ of the C. P. R. in another capacity, he has taken up a homestead near the station, and between his wife's caring for the place and his earnings, were just getting into fair circumstances, when his helpmeet was suddenly taken away.

Mr. Macdowell, M.P. for Saskatchewan, arrived here this morning from the East. He returns to Prince Albert via Edmonton on Monday.

The vestry meeting of the Church of the Redeemer called for last night was adjourned to be held on Sunday night after the evening service.

A meeting of the property owners immediately interested, to consider the proposal of the Canadian Pacific to close one of the streets crossing its track, is being spoken of.

Mr. James Reilly went to Cochrane by the express train which left here at 11 o'clock this morning, to post up his cochrane friends as to who is the right man to elect to represent them in the Northwest assembly.

The insidious almond eyed gentlemen from the walled empire continue to work themselves into Canada. Twelve of these "washes" individuals passed through on this morning's express, on their way to Montreal to start a laundry in that city.

Mr. A. Ferland, merchant of Calgary, has been asked by several electors to come out as a candidate for the Red Deer district, in the coming election of members for the Northwest legislature. We do not know yet whether Mr. Ferland will take the field or not.

Mr. Joseph Maw, agent at Calgary for the Massey implement manufacturing Co., of Toronto, has just returned from a trip through the country, some 50 or 60 miles east and south of town. Mr. Maw states that during the number of years he has been in the Northwest, or indeed in Ontario, he never saw the grass and crops in such an advanced condition at this time of the year as they are in the country.

The annual easter vestry meeting of the church of the Redeemer was held last evening. The report of the wardens was encouraging and satisfactory. A vote of thanks was passed to the retiring wardens and vestry. Messrs. Braithwaite and Jephson were elected wardens and Messrs. G. C. King, E. R. Rogers, A. J. Ellis, H. Crick and J. K. Shirley elected vestrymen. Messrs. E. B. Scott and James Reilly auditors.

Removed to Banff.

Mr. B. Johnson, the Iclander who lives on section 16 and has been suffering for some time from inflammatory rheumatism, was removed to Banff on Saturday night to try the curative powers of the hot springs. Mr. Oliver Goodman has interested himself in the case and raised \$50 for Johnson's benefit. Supt. White when here a few days ago ordered a reduction of one-third the fare for Johnson and his care taker from Calgary to Banff.

The Ladies Rifle Match.

The Ladies Rifle Match Association Committee, wish to call the attention of the lady competitors to the necessity of sending in the names of their champions and to designate the colors which they intend to wear at the competition which takes place on Saturday June 30th, at 2 p. m., at the ranges of the Alberta Rifle Association, Calgary. It should be remembered that there is to be only one range, which is at 400 yards, each competitor to have 10 shots, and can only compete for one lady. All communications should be addressed to Mrs. Hodder, secretary.

The Cemetery Road.

The committee of the town council, consisting of the mayor, councillors Collins and Orr, who were appointed at last meeting to look after having this road laid out permanently, met Mr. J. A. McMillan, trail commissioner, Mr. Dennis, superintendent of trail surveys and Mr. T. D. Green, D. L. S., this morning. It is necessary that an order be issued at Ottawa before the road can be made, and to get that done a petition must be sent to the Lieut. Governor for the road, and if the Governor approves of the petition, he sends a requisition to the department of the Interior, when an order will issue to the trail commissioner to have the road established. Action is being taken now, and a petition from the mayor and council for the road will be forwarded to his honor Lieutenant Governor Dewdney to-night.

THOROUGHLY ANOINTED.

She Wanted Pure Electric Oil and got it.

A practical joke was played the other evening by a wag connected with the Calgary electric light works. "A fine old Irish gentleman" who was assisting to remove a disputed building from the C. P. R.'s right of way, got considerably hurt. The old man's better half, as in duty bound, determined to do the best she could for the love of her youth and companion of her age, decided on obtaining some of the world renowned "Electric Oil". Dubious that if she bought it from the Calgary druggists it might be adulterated with forty rod whiskey, she determined to go to the electric light works and get it pure from the fountain. The accommodating gentleman took in the situation, and furnished the old lady with a bottle of black oil from the engine room. The sufferer was thoroughly anointed with it and so were the bed clothes. The old lady is now engaged reading up all the recipe books within reach, in search of antidotes for grease stains.

Runaway Accident Yesterday.

Mr. A. Lucas and Mr. E. J. Chambers drove out yesterday to visit Mr. G. A. Eastman, 7 miles from town, when they got about three-quarters of a mile on the way home, the horse took fright from a piece of earth flying from the wheel and striking him. He started to run when Mr. Lucas, who was driving tried to rein him up, one of the lines broke and the driver was, therefore, unable to control the horse. As they were coming to a bad place in the road they thought it best to jump. Mr. Lucas escaped without serious injury, but Mr. Chambers unfortunately got his left leg broken below the knee. The fracture was reduced by Drs. N. J. Lindsay and Rouleau. The patient is doing well and being cared for in the best manner possible. There are many expressions of sympathy for Mr. Chambers, who, during the short time he has been in Calgary has made many friends.

Badly Informed Immigrants.

The west bound express due here at one o'clock this morning, did not arrive till 10:30. There were in the train three colonist cars with immigrants from the State of Illinois and other eastern points bound for Washington and Oregon Territories. A HERALD reporter interviewed several of these people, who appeared to be intelligent and ordinarily well informed. But they had never heard of this country, except as one of ice and snow, one of them said that he had been told that it was a very common thing to have 40 feet of snow about Calgary. Mr. Miquelon, Mr. Moody and the HERALD man could hardly make these people believe the fact that our beef is fed and fattened on the prairie all the year round. A dozen copies of the HERALD and Live Stock Journal each were scattered round amongst these benighted people. Why in the name of goodness does not the Dominion printers hurry up the Alberta pamphlets before all the immigrants in the world go somewhere else.

A sad gunshot accident happened on Friday afternoon, by which Mr. Fred J. Gilbert lost his right hand. Mr. Gilbert was employed in the trail survey party, of T. D. Green, D. L. S., who had just completed the survey of the Blackfoot trail from Gleichen to Calgary, and were preparing to camp at the mouth of Nose creek. Mr. Gilbert seeing a couple of wild duck, loaded both barrels of his gun, but not getting a shot at them, laid his gun on top of their cart load of traps. When they reached the camping spot he began unloading the cart, the first act being to remove the gun, to do this he reached up and took hold of it by the muzzle and pulling it towards him the hammers caught in some of the tin fastenings belonging to the tent, which was on top of the cart, when quicker than thought both barrels were discharged into his hand, shattering it in a frightful manner. The injured man was cared for as soon as possible. Dr. Lindsay removed what was left of the hand, and the patient was taken to the hospital, where he is doing as well as possible, under the care of Dr. Fare.
